Incident Reporting / Driver Engagement	“Good catch programme” for drivers to report incidents. Committees to drive health and safety agenda, improve scheduling, vehicle design. Employee annual survey to drive continuous improvement. WRVS Policy & procedures & activities.

The Results

Going Forward

- Continuous training and routine appraisal of existing drivers.
- Use of technology to update fleet and assist driver.
- Continuous assessment of existing stores including access & egress for deliveries and risk assessments specific to store delivery.
- Further reduction in maintenance costs & reduce breakdowns / downtime.
- Continued improvement in MPG and reduction in kms travelled, with planning department.

Conclusion

The modern work environment can be very challenging and stressful, we feel at Musgrave that implementing a dedicated driver training program has greatly helped to address challenging aspects within the workplace. The overall result of this can be seen by the employees and the organisation benefiting greatly through less accidents, staff retention, improved morale and productivity.
